

# Attention Employees:

*We are offering you a recreational activity that allows anyone to play!*

Over 43 million people play pool each year - and your co-workers are probably among them! The APA utilizes the **Equalizer** handicapping system that allows for fair competition everyone can enjoy regardless of age, physical limitation or athletic ability.

## Build Teamwork

APA Leagues offers the great benefit of building teamwork amongst co-workers. When employees participate in fun, recreational and team building activities outside of the workplace, it can build morale and camaraderie, promote teamwork and corporate networking amongst coworkers, and give coworkers a chance to relax and talk outside of work.

## Low Cost

APA members pay an annual membership fee of \$25\* plus \$10 per weekly match played. You'll find that other sports charge the same, if not more, for one session of play. Plus, **teams do not have to invest in uniforms or equipment** in order to play.

\*Corporate membership discounts are available if 6 or more teams of family, friends or co-workers originate from the same employer.

## Safe

Pool is also safe. Poolplayers are seldom injured during play, so you will not suffer due to injuries.

## Year-Round Fun

The American Poolplayers Association offers three sessions per year: Summer, Fall and Spring. You can participate in one session or all three for one low membership fee. The League Operator will maintain direct contact with you and go from session to session with no assistance needed from your employer other than to post fliers or e-mails regarding sign-up.

## Weatherproof

You can **play anytime**, regardless of rain, snow or heat!

## The Richest Championships

The APA offers a \$600,000 8-Ball National Team Championship, a \$200,000 9-Ball National Team Championship, a \$100,000 9-Ball Shootout and a \$300,000 8-Ball Classic National Singles Championship. **You can qualify by playing weekly on an active team.**

## APA Member Benefits

APA members receive a **complimentary subscription to The American Poolplayer**, the most widely read publication in the billiards industry, which reports news about happenings in the world of amateur and pro billiards. The APA is the only amateur organization recognized and endorsed as the official "Governing Body of Amateur Pool".

The APA also offers members discounts through companies such as Gateway Computers, TLC Laser Eye Care, Universal Studios, also various car rental companies, hotels and travel, flowers & gifts, and billiard supplies. A complete list of discounts offered can be viewed at [poolplayers.com](http://poolplayers.com). Also at [poolplayers.com](http://poolplayers.com), members can access information on just about anything from rules and formats to pictures and video, even on-site tournament coverage from our National Tournaments in Las Vegas!

## We have an APP for that

Download our app for current league news, stats, schedules, team and membership history, print scoresheets and pay weekly team fees.
